

# English

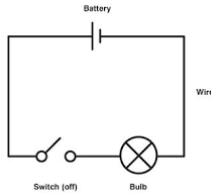

We will be looking at Leon and the Place Between. Do you dare step into the place between? Leon is a boy who believes in magic. Will he have what it takes to put on his own show? This book will ignite the imagination and connect to our science topic for the term.

## Science - - Electricity!

In science we will be learning to create simple and complex circuits. We will know how to create a switch and make our own lights.

We will know the symbols that represent components in a circuit.

## Physical Education

Tuesday AM and Friday PM

## HISTORY

Over the course of the term we will be looking at the history of Bristol and how it has changed over time. We will also have a look at Brunel's life and work, including an exciting trip to the SS Great Britain!

## Religious Education

Our focus this term is on Easter.

In this unit there is a continued focus on the appearances of Jesus with an explanation of the road to Emmaus story. Pupils are introduced to and examine the Ascension and what it teaches us. The Hindu festival of Diwali is explored in the multi-faith element.

## St Joseph's

### Year 4 Term 5

## NUMERACY

Our focus this term will be decimal numbers. We will also look at linking them to fractions.

The children will be recapping some formal methods of addition, subtraction, multiplication and division as well as tackling some word and reasoning problems.

### Maths Homework

This will be set weekly on MyMaths. Please also remember to practise number facts (times tables and number bonds at home) as they are so important!

## Geography

The children will be doing a Local Area Study, looking at the geography of Portishead and the surrounding area.

## ICT

Year 4 will be focusing on their word-processing skills during this term. Being able to navigate a computer keyboards is a very important skill which will help other areas of ICT such as Coding.
