WHISTLEBLOWING POLICY

Introduction

This policy will be carried out with due regard to our School Vision and Mission Statement:

Together we love- Together we hope- Together we learn

St Joseph's Catholic Primary School is an inclusive, vibrant, Catholic community where we encourage everyone to share a love of learning and the love of Christ.

Together we hope to inspire ourselves and each other to be the best we can and to embrace our future with confidence.

The staff and governors of St Josephs Catholic Primary School Portishead seek to run all aspects of school business and activity with full regard for high standards of conduct and integrity. In the event that members of school staff, parents, governors or the school community at large become aware of activities which give cause for concern, St Josephs has established the following whistleblowing policy, or code of practice, which acts as a framework to allow concerns to be raised confidentially and provides for a thorough and appropriate investigation of the matter to bring it to a satisfactory conclusion.

Throughout this policy, the term whistleblower denotes the person raising the concern or making the complaint. It is not meant in a pejorative sense and is entirely consistent with the terminology used by Lord Nolan as recommended in the Second Report of the Committee on Standards in Public Life: Local Spending Bodies published in May 1996.

St Josephs is committed to tackling fraud and other forms of malpractice and treats these issues seriously. St Josephs recognises that some concerns may be extremely sensitive and has therefore developed a system which allows for the confidential raising of concerns within the school environment but also has recourse to an external party outside the management structure of the school.

St Josephs is committed to creating a climate of trust and openness so that a person who has a genuine concern or suspicion can raise the matter with full confidence that the matter will be appropriately considered and resolved.

The provisions of this policy apply to matters of suspected fraud and impropriety and not matters of more general grievance which would be dealt with under the school's grievance procedures or the complaints policy.

When might the whistleblowing policy apply?

The type of activity or behaviour which St Josephs considers should be dealt with under this policy includes:

- manipulation of accounting records and finances
- inappropriate use of school assets or funds

- decision-making for personal gain
- any criminal activity
- abuse of position
- fraud and deceit
- serious breaches of school procedures which may advantage a particular party (for example
 - tampering with tender documentation, failure to register a personal interest).

NB - Allegations against staff, volunteers, Governors, contractors of a Child Protection nature should be addressed with reference to the Safeguarding Policy.

What action should the whistleblower take?

St Josephs encourages the whistleblower to raise the matter internally in the first instance to allow those school staff and governors in positions of responsibility and authority the opportunity to right the perceived wrong and give an explanation for the suspect behaviour or activity.

St Josephs has designated a number of individuals to specifically deal with such matters and the whistleblower is invited to decide which of those individuals would be the most appropriate person to deal with the matter.

The whistleblower may prefer to raise the matter in person, or by telephone or in written form marked private and confidential and addressed to one of the above-named individuals. All matters will be treated in strict confidence and anonymity will be respected wherever possible.

Alternatively if the whistleblower considers the matter too serious or sensitive to raise within the internal environment of the school, the matter should be directed in the first instance to the North Somerset Council's Head of Audit.

The Council has its own procedures for dealing with such matters and will also ensure that every effort is made to respect the confidentiality of the whistleblower. The Council will ensure relevant officers of the Department for Children, Schools and Families are informed as appropriate.

In addition information and advice can be obtained from the charity Public Concern at Work. This charity offers free legal advice in certain circumstances to people concerned about

serious malpractice in the workplace. Their literature states that matters are handled in strict confidence and without obligation. Contact details for the charity are as follows:

How will the matter be progressed?

The individual(s) in receipt of the information or allegation [the investigating officer(s)] will carry out a preliminary investigation. This will seek to establish the facts of the matter and assess whether the concern has foundation and can be resolved internally. The initial assessment may identify the need to involve third parties to provide further information, advice or assistance, for example involvement of other members of school staff, legal or personnel advisors, the police, the Department for Children, Schools and Families or The Diocese of Clifton.

Records will be kept of work undertaken and actions taken throughout the investigation. The investigating officer(s), possibly in conjunction with the governing body, will consider how best to report the findings and whether corrective action need be taken. This may include some form of disciplinary action or third party referral such as to the police.

The whistleblower will be informed of the results of the investigation and the action taken to address the matter. Depending on the nature of the concern or allegation and whether or not it has been substantiated, the matter will be reported to the governing body and to the Council.

If the whistleblower is dissatisfied with the conduct of the investigation or resolution of the matter or has genuine concerns that the matter has not been handled appropriately, the concerns should be raised with the investigating officer(s), the governing body and/or directed to the Council.

Respecting confidentiality

Wherever possible St Josephs seeks to respect the confidentiality and anonymity of the whistleblower and will as far as possible protect him/her from reprisals. St Josephs will not tolerate any attempt to victimise the whistleblower or attempts to prevent concerns being raised and will consider any necessary disciplinary or corrective action appropriate to the circumstances.

Raising unfounded malicious concerns

Individuals are encouraged to come forward in good faith with genuine concerns with the knowledge that they will be taken seriously. If individuals raise malicious unfounded concerns or attempt to make mischief, this will also be taken seriously and may constitute a disciplinary offence or require some other form of penalty appropriate to the circumstances.

Conclusion

Existing good practice within St Josephs in terms of its systems of internal control both financial and non-financial and the external regulatory environment in which the school operates ensure that cases of suspected fraud or impropriety rarely occur. This whistleblowing policy is provided as a reference document to establish a framework within which such issues can be raised confidentially, either internally and/or if necessary outside the management structure of the school. This document is a public commitment that any such concerns are taken seriously and will be actioned.
